AGP trailed & mounted mist blowers

PRO

*mounted 400 l, 500 l, 600 l
trailed 1000 l, 1500 l, 2000 l*

Reducing the environmental impact

The AGP PRO series of tractor mounted and trailed mist blowers for professional use was created with an aim to deliver accurate and efficient spray application and by taking into account the need to reduce adverse environmental impacts. They were designed for those that require sophisticated machines, with a particular emphasis on quality and outstanding spraying results.
