

# Agromehanika

SINCE 1968

*AGS mounted sprayers*

# **300-400**

*6m, 8m, 10m, 12m*

## ***Quality spraying with great savings***

AGS 300-400 EN sprayers were designed for spraying small areas of agricultural land, parks, golf courses and football fields. Due to their light design they are also suitable for small tractors. These sprayers are fully compliant with strict European environmental and spraying standards.
