SINCE 1968

AGS trailed sprayers

3600-4200

21m, 24m, 27m, 28m, 30m

High productivity on large surfaces.

The family of quality sprayers for agriculture has been expanded with a new professional AGS HP sprayer with tank capacities from 3600 – 4200 litres. Carefully structured with an emphasis on design and useful solutions, these sprayers enable safe and, above all, effective operation on large surfaces.
